The successful bidder for the brick work on the Spargur block was Mr. J. F. Rogers, of this place. The contract for the wood-work was awarded to Pence & Simonson.

Mr. Joseph M. Marshall, of Los Angeles, California, arrived in this city Monday. His wife, a daughter of Mr. and Mrs. John D. Fenner, has been visiting here several months.

Lost—Somewhere between Leesburg and Hardin's Creek, a gold ring much valued from family associations. The finder will be liberally rewarded by leaving the same at this office.

On account of business of importance at Chicago Dr. J. J. McClellan, of Columbus, will not be in this city on his next regular date, but will be here on Tuesday, June 21st, instead.

Mr. Neil McGlinchey, the efficient and accommodating baggage master on the C. & W. B. R. between here and Blanchester, is taking a week's vacation. He will spend the most of it hunting and fishing in Brown county.

Upon the commencement programme of the Philadelphia Training School for Kindergartners we observe the name of Miss Mary Lenington as one of the graduates. This young lady is a former pupil and graduate of the Highland Institute, as her many friends here will remember. Miss Lenington expects to sail for Brazil on the 6th of July to enter upon her missionary work in that country.

Sometime ago in an article headed "Ohio Antiquities" our friend, Dr. H. B. Fullerton, suggested the advisability of the State of Ohio purchasing and preserving the most remarkable antiquities. Although the State has not heeded the suggestion, a party of Massachusetts gentlemen has purchased one of the most, if not entirely, wonderful of these structures—the Serpent Mound. The intentions and plans of this eastern party will be found in a letter from Lovett, found in another column.

Complaint has been made to the Commissioners that the boys in various neighborhoods will congregate around the bridges of the public highways and write indecent words and sentences all over the wood-work of the structures, and that in some cases they have torn the planks loose, and otherwise damaged the bridges. We were informed by the commissioners that this complaint would be investigated and should this delinquent continue, the extreme penalty of the law will be given to the offenders. Boys, you had better let go while you can.

Keep cool by buying a summer suit, light underwear and a straw hat of I. A. Feibel.

All orders left at Bowles' store for cut flowers will be promptly filled by Gardiner, the florist, Cincinnati.

Orange cider, lemon soda, ginger ale, Buffalo meal, birch beer, vanilla cream, etc., at John Bayless' fruit store.

Council met in regular session Monday evening, but no important business transacted, other than the allowing of bills.

Sunday June 12th, "Children's Day" will be observed with appropriate exercises at the Presbyterian Church at 4 o'clock p. m. All are invited.

WANTED—To rent, by the lot of August, a good house of seven or eight rooms. Address SAMUEL MAJOR, Chillicothe, O.

C. S. Bell & Co. received two export orders from New York last week, one for two cane mills for Peru, South America, and another for one cane mill to go to India.

Rev. John McCoy, a graduate of Princeton Theological Seminary, and son of Judge McCoy, of Chillicothe, will preach at the Presbyterian Church this (Wednesday) evening.

Boring at the gas well has not been in progress this week. A shaft was broken last Thursday and the managers are waiting for a new section to replace it. A depth of 165 feet has been reached.

An ice cream festival will be given Saturday evening, June 11th, in the school building at Rainboro by the junior class of the high school for the benefit of the High School Library. Admission ten cents.

The M. E. Sunday school, of New Petersburg, will observe Children's Day on next Sunday at 2 o'clock p. m. A regular programme exercise consisting of music, recitations, concert reading, etc., will be given. A grand good time is anticipated. All are cordially invited.

The enterprising firm of Pence & Simonson are getting a good share of work. They are just finishing the dwelling house of A. M. Richards, on North West street, and a school house near Leesburg, and have secured the contract for the erection of a school building in New Market Township, the wood-work on the Spargur building, and the improvements being made on Richard Burns' residence.

A number of cases of petty thieving have been reported to us recently, but none so dastardly as that which occurred on last Saturday night. A neat bunch of craped tied with a satin ribbon and suspended from the door-knob at the late residence of Thomas Barry was removed between 2 a. m. and daylight. The peculiar nature of the thief makes it remarkable. The person who would steal the crape from a dead man's door is devoid not only of any grain of principle but of the requisite amount of brains.

Mr. F. B. Parks, who took a course in civil engineering last year at the Normal and this year completed the junior law course, left for his home at Hillsboro, O., last evening. Mr. Parks has done excellent work while attending school here, and he thinks he may come back next year to finish up his law studies. Mr. Parks is a bright young man, and has made a host of friends during his stay here. We wish Mr. P. success in whatever place he may have the good fortune to locate in the practice of law. —Valparaiso Vidette.

About 12 o'clock Tuesday a rather remarkable accident occurred to the Hillsboro train on the C. C. & I. tracks at Cincinnati. Engineer Rother knows more about the electric brake than most engineers, and the train had been out to Brighton for the purpose of testing it. On the return about Liberty street and while the train was running at the rate of thirty miles an hour an open switch threw the engine off the track. It went crashing down an embankment into the Mill Creek bottom, rolling over and over. Coolly waiting for a favorable opportunity, Fireman Hodson jumped from the engine, both stuck to the rails and stuck to his place until the monster had rolled over on a pile of ties. Then he dropped from his cab between two ties and the locomotive rolled over again leaving him in safety. He had his wrist badly lacerated and Mr. Hodson received a number of bruises and cuts. Both returned to their homes here Tuesday night and took out their train this (Wednesday) morning. The conductor and three brakemen who were on the train escaped uninjured. The accident was a close call for the two men who escaped and everybody agrees that there is not a pluckier pair on the road.

Commencement of High School. The commencement exercises of the Hillsboro Union Schools will take place at Armory Hall Thursday evening, June 10th. As is customary, ten cents admission will be charged, and the number of tickets limited to the seating capacity of the hall. Tickets will be on sale at Geo. W. Bowers & Co.

Young Men's League.

Mr. Ulric Sloane delivered one of his forcible and magnetic addresses to the Young Men's League Monday evening. His theme was "Moral Courage." Text: "And Felix, willing to show the Jews a pleasure, left Paul bound." The historical account of Paul's life and character as a man, worthy of all young men accepting as an example, was one of the most powerful and delightful descriptions one could imagine. It was clothed in the choicest of language. Mr. Sloane showed in his forcible way that though a man may be ever so poor, and may engage in the humblest avocation in life, yet, if a true man, his position is more dignified than the top with his millions. The league will ever feel thankful to him for his scholarly effort.

Running Things up to the Handle.

D. Q. Morrow, Esq., the City Solicitor of Hillsboro, the Secretary of the Highland County Fair Association, the Junior member of the law firm of Newby & Morrow, and one of the foremost young lawyers of Hillsboro, was a business visitor to Chillicothe Tuesday.

In his capacity as Hillsboro's Solicitor, Mr. Morrow is probably as well informed as anybody to the actual working of prohibition at that place. He says that they are running things right up to the handle over there—or as near the handle as it is possible to get at this stage of affairs. They are crushing out schemes to evade the law, one by one, and making law-breaking so disagreeable and expensive that it will never become popular. He says Mayor Harman is doing a great work, in doing all in his power to make everyone live to the line in regard to the provisions of the prohibitory ordinance. Kaufmann, the wholesale merchant, whose liquor trade has been paralyzed, is going to put in a registered stock of drugs, has engaged a complete pharmacist and is going to sell the drug trade. The "club room" business has practically been broken up.—Chillicothe Leader.

NEW MARKET.

Children's Day will be observed at the M. E. and Baptist Church next Sabbath.

On last Sabbath evening about half past four o'clock a heavy storm passed over our village. A. A. Wilkin's barn was struck by lightning and in a short time no less than two hundred persons were present, and by the greatest of efforts by the bucket brigade K. L. McKeen's stable was saved, but C. A.'s barn was regarded as a total loss. The loss was a heavy one, but the loss of the barn was a heavy one, but the loss of the barn was a heavy one.

There will be a strawberry and ice cream festival at the M. E. Church next Sunday evening, June 10th. Good music and all kinds of out-door amusements and games will entertain the occasion. The proceeds to go toward the purchase of a library for the library school and school. The Ladies' band will be present and render some of their beautiful selections. Come and have a good time and help a worthy cause.

Our supervisor of public roads is getting in his work as he should be, making permanent improvements to the roads. Those who think they will escape the penalty for neglecting their roads, are making a mistake, as a very little contempt for the law will soon see them the right man in the road.

THE COLLEGE COMMENCEMENT.

The closing exercises at the College will be as follows:

Baccalaureate Sermon Sunday, June 12th, at 7:30 p. m. in the Methodist Church. Public examinations at the College, Tuesday June 14th, from 8:30 to 11:15 a. m. Commencement exercises at the Methodist Church, Wednesday June 15th, at 8 p. m. Following the former custom, an admission fee of ten cents will be charged. After meeting the necessary expenses of graduation the balance of proceeds will be applied to repairs on the college. Tickets will be on sale at Bowers' store next Monday.
